FALL 2007 Semester

Florida Tech will offer the following course as part of the 5 course graduate certificate in program management:

MGT 5084 Materiel Acquisition Management

**This course examines the life cycle process involving the acquisition of materiel and materiel systems. The course uses the concept of systems management and examines its application from the acquisition phase to termination.**

The course will be held at 1800 hours on Thursday nights at the Ed Center, beginning August 30, 2007 and ending December 6, 2007. The instructor is Mr. Craig Lebo. Mr. Lebo has a very distinguished contracting background and is well known to the Fort Detrick community. For all interested students, we are planning an orientation meeting at the Ed Center on July 31 and August 9 from 1100-1300 hours. Students may call Frank Heim or Dr. Paul Battaglia at (703)-751-1060 for an appointment or for additional information about this course or any of the Florida Tech programs.
